

TUESDAY 6 OCTOBER PROGRAM - CLINICAL GENOMICS

9.30 – 9.50am

Registration – The Foyer, JCSMR

Professor Simon Foote

The John Curtin School of Medical Research, ANU, Canberra, ACT

9.50 – 10am

Professor Ian Frazer

Australian Academy of Health and Medical Sciences

Welcome and Introduction

The Finkel Lecture Theatre

10 – 10.30am

Professor Kathryn North

Murdoch Children's Research Institute Melbourne, VIC

Genomics in clinical practice: A local and global perspective

10.30 – 11am

Professor Ingrid Scheffer

The University of Melbourne and Florey Institute of Neuroscience and Mental Health Melbourne, VIC

Scientific insights into epilepsy genetics transform clinical practice

11 – 11.25am

Morning Tea

11.30 – 12noon

Professor Ian Alexander

The Children's Hospital at Westmead Sydney, NSW

Gene Therapy: from cracking the code to genome editing

12noon – 1pm

Annual General Meeting

The Finkel Lecture Theatre

1 – 2.30pm

Lunch

JCSMR Foyer

1 – 2.30pm

Council Meeting

JCSMR Boardroom
(Lunch provided)

2.30 – 3pm

Professor Fiona Karet

Cambridge Institute for Medical Research Cambridge, UK

Acid Matters: genetic insights into polarized molecular behaviour in the kidney

3 – 3.30pm

Professor Nadia Rosenthal

Monash University, Melbourne, VIC

Tinkering with regeneration: report from the frontiers of new medicine

3.30 – 3.55pm

Afternoon Tea

4 – 4.30pm

Professor John Rasko

The University of Sydney, Sydney, NSW

From gene expression to genes as medicine

4.30 – 5pm

Professor Robyn Ward

The University of Queensland, Brisbane, QLD

Getting genomics into healthcare – who pays and who benefits

5.15 – 6.15pm

Cocktails and Networking

The Common Room, University House

6.20pm

Delegates to gather at University House reception for bus to Arboretum

6.30pm

Bus leaves University House for dinner at Arboretum
